October 17, 2022

*Hurricane Ian Clean-Up: Florida **does not** recognize "All States Endorsement" on Workers' Compensation Policies*

If you are an out-of-state contractor heading to Florida to assist with clean-up and repairs in the aftermath of Hurricane Ian, you must reach out to your Brooks, Todd & McNeil Insurance Agent to request that your Workers' Compensation policy be endorsed to specifically include the State of Florida in section 3A of your policy. Your agent will need to confirm that your insurance carrier approves adding the State of Florida to your policy's covered states.

Please contact your Brooks, Todd & McNeil agent immediately to review your policy and ensure that you are protected if you will be traveling to Florida to assist in the aftermath of Hurricane Ian.
